

ACKNOWLEDGEMENT

I would like to take this opportunity to express my sincere thanks to all those people who made it possible for me to complete this thesis. It is my great pleasure to convey my sincere gratitude to all of them with my humble acknowledgement. To begin with, I am deeply indebted to my supervisor, Dr. Narendra Kumar, who gave me an opportunity of working under his guidance and also his whole hearted support, interest and encouragement, that made this work possible. His thoughtful discussions on technical aspects, deep interest and enthusiasm in aerosol research and pragmatic approach towards problem solving have helped me to develop the scientific expertise. The blessing, help and guidance given by him time to time shall carry me a long way in the journey of life on which I am about to embark. He will always be remembered as the key factor that geared my career towards this path.

I am thankful to my co-supervisor Dr. S.C. Barman, Senior Principle Scientist & Head, IITR, Lucknow, for their valuable guidance and generous advice. It is his advice and exceptional experience and technical support that have helped me during entire research work.

I owe my sincere thanks the Head and Dean, Professor S.K. Dwivedi and the previous Head of the Department Prof. D.P. Singh for providing the necessary facilities in the department during my research tenure. I will always be grateful for their kind and helping attitude.

I gratefully acknowledge and extend my heartfelt gratitude to research Advisory committee members Dr. Dr. S. K. Dwivedi, Mr. N.K. S. More, Dr. Shikha, Dr. Venketash Dutta, Dr. Richa K. Tyagi and Dr. Jiwan Singh for their valuable guidance and generous advice. I would also like to thank all teachers of the department for their help and support.

Financial assistance provided from UGC (University Grants Commission) in the form of JRF and SRF during the course of this study is kindly acknowledged.

I wish to thank the technical and administrative staff of the department especially Mr. A. K. Jain, Mr. Aviral, Mr. Rahul and Mr. Ranjeet.

I would also like to extend my sincere thanks to Dr. Sanjeev Kumar, Dr. Kuldeep Baudh, Dr. Virendra Kumar, Dr. Mukesh Kumar, Dr. Vertika Shukla, Dr. RamPrakash, Dr. Shiv and all the faculty members of applied geology department for their assistance whenever I needed their help. My grateful thanks go to all my lab

mates Mohd. Baqir, Swati Sachdeva, Shamshad Ahamad, Sangeeta Anand, Poonam and Dr. Namita Gupta.

Finally, I am forever thankful and in debt to Mr. Mahesh Kumar and Mr. Dhananjay Kumar, who have stood beside me in mind, body and spirit as I took on the challenges and obstacles of this research. Their encouragement, helpfulness and support have helped me not only to overcome but also to persevere and excel.

I also thank to junior fellows Pawan Madhesiya, Pradeep Kumar, Pradeep Kumar Majhi, Saroj Bhargava, Bhanu Pratap, Arpna Ratnakar, Arya Pandey, Urvashi Sharma, Lata Verma, Chandrabhan, Vipin Kumar and Suresh Kumar for their cheerful company and zestful enthusiasm.

My sincere appreciation and deepest gratitude to my parents who have been the greatest strength and inspiration in my life to all your sacrifices and dedication which made me what I am today. Words cannot begin to describe how grateful I am to both of you. Thank you all for your support in the completion of this degree.

Last, but not least, I would like to thank my wife Manisha, my son Tanay, two amazing sisters Vandana and Archana need a special mention as they have been the best critics, admirers, and also for their support and never complaining attitude. To my brother Mr. Dhananjay Kumar, Deepak Kumar and Abhay Kumar for encouragement.

Above all to the Almighty, for giving me strength and courage to complete this phase of my life and my family members for their love, faith and prayers. Last, I would like to thank to one and all, whosoever wished and helped me to reach the pinnacle of my life.
